Skills

- communication, problem solving,leadership,active lessening, time management,quick absorber,fast learner and easy adaptor

Projects

College information Boucher for adhiyamaan

To design an informative and visually appealing brochure that provides complete details about Adhiyamaan College of Engineering, including its courses, facilities, achievements, and campus life, in order to help students and parents understand the opportunities and educational environment offered by the college.

AI Trolley for Railyway Track crack detection using neural network

The objective of the AI Trolley for Railway Track Crack Detection using Neural Network is to develop an intelligent system that automatically detects cracks and damages in railway tracks. It uses a neural network to analyze track conditions, improving safety by enabling early detection, reducing manual inspection, and providing efficient real-time monitoring.

Interests

Machine Learning ,Ai,Full stack web development ,python,MYsql,MSxcel,MSword,php

Language

TAMIL,ENGLISH,HINDHI

Achievements & Awards

cybersecurity tools for digital protection workshop,attended hackathons, dynamic web development workshop, github workshop,AI for beginners,
